Paired Samples T–Test

Paired Samples T–Test

Measure 1		Measure 2	t	df	p	Mean Difference	SE Difference	95% CI for Mean Difference		Cohen's d	SE Cohen's d
								Lower	Upper		
grade_test2	–	grade_test1	6.475	19	< .001	1.405	0.217	1.030	∞	1.448	0.047

Note. For all tests, the alternative hypothesis specifies that grade_test2 is greater than grade_test1.
Note. Student's t–test.
